In response to the office action dated August 9, 2002, applicants respond as follows.

REMARKS

Claims 1-22 are pending in the case and subject to a restriction requirement. Applicants hereby elect with traverse to prosecute the claims of group II, including claims 11-17. Thus, please withdraw claims 1-10 and 18-22 from consideration.

Applicants submit that restriction is not required by 35 U.S.C. § 121, as suggested in the office action. Congress wisely granted the *discretion* to restrict applications. According to 35 U.S.C. § 121 "... the Commissioner *may* require the application to be restricted...." (emphasis added). Likewise, MPEP § 803 lists two criteria that must be present for restriction to be proper:

1. The invention must be independent or distinct; *and*
2. There must be a serious burden on the examiner if restriction is not required.
